## Introduction:

"Our next speaker is Danny Goldberg.

Danny is a workplace culture expert and award-winning entrepreneur who built a multi-million-dollar manufacturing business by the age of 24.

That experience sparked a decade-long pursuit to answer one question:

**What makes a team not just succeed, but truly thrive?**

Since then, Danny has helped organizations across industries solve today's toughest people challenges—like burnout, disengagement, and high turnover.

His **Build with Care** framework gives leaders the tools to build cultures where people feel safe, connected, and motivated to stay and perform at their best.

Please give a big, warm (Insert Event Name) welcome to Danny Goldberg!"
